In response to the Ramah Navajo Chapter- Class Action Settlement the Kickapoo Tribe of Oklahoma has completed all the appropriate documentations in order to receive these said funds. However, at this time the Kickapoo Tribe of Oklahoma has not yet received the said funds. The Class Action Settlement are for funds that was not distributed to tribes by the BIA correctly through indirect cost amounts and/or for contract distributed once support costs. The Kickapoo Tribe of Oklahoma is aware that there are surrounding tribes giving the settlement amount to their tribal members in the form of per cap but at this time the tribe has not yet made a decision on how the funds will be distributed once received.
